

Sweepers

Six times faster than a brush

STIHL sweepers are multi-purpose and time-saving and -what is most important - they produce a clean outcome. KG 550 qualifies at best for the private use indoors and outdoors. KG 770 is the ideal solution for the professional use on larger surface areas such as schoolyards, service stations and storehouses

Technical data	KG 550	KG 770
Sweeping width cm	55	77
Sweeping capacity m ² /h	1.600	2.900
Waste container capacity l	25	50
Weight kg	6	13
For areas up to m ²	300	1.500

Cordless sweeping machine for large areas both indoors and outdoors. STIHL MultiClean PLUS sweeping system, 8-fold central height adjustment, lateral wheels, transport handle, stored upright to save space, ergonomically-shaped 2-fold height adjustment push bar, battery power for circular brushes and power sweep makes for easy and energy-saving work. This enables thorough cleaning of edges and corners, even when the machine is stationary. Container capacity 50 l, sweep width 77 cm, weight 16.0 kg.

KGA 770 without battery and charger
