## Drive Unit EDS175

Drive unit in full cradle frame.  
Powered by Yamaha MZ175-A2B engine

## Needles VN26-75

Head	Diametre	Application
VN26	26mm	for small columns/balustrading
VN36	36mm	for medium column/slabs
VN48	48mm	for larger columns/foundations/slabs
VN62	62mm	for heavy concrete/foundation/slabs
VN75	75mm	for heavy concrete/foundation/slabs

## Trash Pumps

## ETP75

MZ300-A2B 7.5 KW 10hp  
Pump  
QP302T  
Inlet & Outlet  
75mm / 3 inch  
Total Head  
24 metres  
Volume  
1200 litres per min  
Solids  
25mm / 1 inch

## ETP100

MZ360-A2B 9 KW 12hp  
Pump  
QP40T  
Inlet & Outlet  
100mm / 4 inch  
Total Head  
24 metres  
Volume  
1800 litres per min  
Solids  
38mm / 1 1/2 inch

## MZ Engines

Yamaha NZ Engines are fuel efficient 4 stroke OHV designs, ideal for operating on un-leaded fuel.

Automatic low oil level cut out protection prevents abusive use.

Maintenance free ignition.

12 month warranty on engines

## Submersible Pumps

ESP20 - 2" [ 50mm outlet ]  
ESP30 - 3" [ 75mm outlet ]

Both models have a 6 metre flexible drive hose and Pump Head.

## MZ250-A2D
