

Pole Pruners Pruning at great heights

STIHL pole pruners are ideal for tree maintenance. Thanks to their high torque, even thick branches can be cut effortlessly. Branches of up to a height of approximately 5 meters are easily managed by our telescopic models, two of which have STIHL 4-MIX engines.

Technical data	HTA 85, tool only	HTE 60	HT 75	HT 100	HT 101
Weight kg	4,5 ¹⁾	4,7 ³⁾	7,36	5,55	7,6
Battery life time AP 200 min	up to 42 ²⁾				
Rated voltage V	36				
Performance kW			0,95	1,05	1,05
Rollomatic E, cutting length cm		30	30	30	30
